E-learning BA5 Competent person Low Voltage - TRAINING IN ENGLISH

a **kiwa** company

This training is intended for all those who are exposed to the hazards of electricity when carrying out their work: installation, operation and maintenance. It assumes a basic knowledge of electricity and electrical installations

POUR QUI ?

This training is intended for all those who are exposed to the hazards of electricity when carrying out their work: installation, operation and maintenance. It assumes a basic knowledge of electricity and electrical installations

CONTENU DE LA FORMATION

Content of the training

The following aspects will be covered:

- Introduction : scope and references legislation
- The hazards of electricity such as direct and indirect contact
- Working on (non-) domestic electrical installations
- Protective equipment and personal protective measures
- Special regulations applicable to household solar installations
- Knowledge test (optional)

OBJECTIFS

Working on or near electrical installations that may or may not be powered is not without danger. Mastering the safety rules and their practical application are therefore essential.

- You learn to work safely with electrical installations and gain an understanding of the safety procedures of the various grid systems.
- Increased work autonomy: work independently, including performing risk analyses
- The BA5 training course meets the employer's obligation set out in the Code of Occupational Safety and Health, Book 3 Title 2

INFORMATIONS PRATIQUES

Practical information

- You will receive a welcome e-mail a few days after your registration, also be sure to keep an eye on your spam folder during this period.
- From the time you receive an email, you have 3 months to complete the module, after which your access will be closed.
- The e-learning takes about 7 hours. Also allow enough time for taking notes and taking the knowledge test (if applicable)
- After attending the e-learning, each participant can immediately download his/her participation certificate.
- Participants who opt for and pass an online knowledge test will have their results displayed immediately and receive a supplementary certificate.
- This e-learning is not eligible to apply for funding through the “KMO Portefeuille” or “chèques formation”, as there is no interaction with the teacher.
