

ISO 27001 Essentials - (E-learning) - Training in English

a **kiwa** company

Information security, cybersecurity, and privacy protection. Our society is increasingly focused on data. For many organizations, customer and product data, as well as other data, are crucial to daily business operations. At the same time, national and international laws and regulations are imposing increasingly stringent requirements on how companies and organizations must handle this information. In this basic ISO 27001 course, you will learn everything you need to know to properly secure valuable business data in a structured manner.

POUR QUI ?

This one- day ISO 27001 basic training has been developed for quality managers, auditors, and consultants.

Are you about to start an ISO 27001 certification process? Then this course is the perfect preparation!

No specific prior knowledge is required to follow this e-learning.

CONTENU DE LA FORMATION

The ISO 27001 basic training was developed by experts in the field of information security. They are happy to share with you the experience they have gained from audits related to ISO 27001 during this course.

You will gain knowledge of the ISO 27001 standard and learn more about information security in general, as well as the purpose and importance of information security.

OBJECTIFS

The ISO 27001 basic training has been developed with everyday practice in mind. As a participant, you will gain a clear understanding of information security in general and the ISO 27001 standard, and you will learn how to apply it within your own organization.

After completing the training, you will be able to:

- Identify the purpose and importance of information security;
- Describe the structure of the ISO 27001 standard;
- Explain the requirements of ISO 27001 and translate them into your own organization;
- Identify the benefits of certification according to ISO 27001;
- Explain the certification process;
- Describe the function and components of an Information Security Management System (ISMS);
- Explain the importance and necessity of employee awareness.

INFORMATIONS PRATIQUES

- Here you will have access to an e-learning course with professional recordings. Be sure to allow sufficient time for taking notes.
- You will receive a welcome email from Flowsparks a few days after registering, so be sure to check your spam folder during this period.
- From the moment you receive this email, you will have three months to complete the module, after which your access will be closed.
- There are (assessment) questions. Upon completing the entire e-learning, participants receive a certificate.

- This e-learning course is not eligible for subsidy via the KMO portfolio.
